## Procure Your Energy for Less

As an energy service company, Vector Energy Systems exists to provide you solutions and options for all your energy needs. The first step is always looking to see if we can help you procure your energy for less.

### Process to Optimize Energy Procurement

1)	Complete and sign the authorization form and provide a copy of your electric and/or NG utility bill. This is a no cost and no obligation authorization for us to look at your usage history.	 Utility Authorization Form.
2)	We submit the signed form to our partners, who then conduct an auction for the best available rates.	
3)	We present to you the best available rates with the term options (12 to 36 months), as well as providing you with a recommendation for the option(s) that will save you the most money.	
4)	If you elect to move forward with a new supplier, a contract will be sent to you confirming the rate, as well as start and end dates. You may choose to do nothing, and continue receiving service from your current supplier.	
5)	Once you receive the new contract, you would simply sign and submit, and you are all done!	

## Additional Options

While your rate quote is being prepared, we analyze the trends in your usage and use that data to make additional suggestions.

- Installation of analytical software that digs deeper into your usage and helps provide more data for a much more focused energy saving solution.
- Based on your energy consumption, you may be eligible for equipment upgrades or even no cost back up assets. These assets are enrolled in capacity markets to generate income.
- Even if you are currently under contract, we can verify your rate and structure to ensure you are paying what you should.

**Service:** We give Vector Energy Systems authority as our exclusive bidding agent to obtain bids on our behalf from third party energy suppliers. We authorize Vector Energy Systems to receive our account data directly from our utility companies and to act as our agent for the sole purpose of granting like authorization to 3rd party electric and natural gas suppliers.

**Our Rights and Obligations:** We are under no obligation to choose a supplier, however in the event we execute a supply agreement with any retail electric or natural gas supplier presented to us by Vector Energy Systems throughout the duration of this agreement, we agree to execute the retail supply agreement through Vector Energy Systems. We agree not to use Vector Energy Systems' work product or services to negotiate independently with suppliers or other energy marketers. Vector Energy Systems shall maintain our account information in strict confidence.

**Miscellaneous:** (a.) This authorization shall be effective from the date of signing forward for a period of six (6) months, the 6 months commencing from the later of the date of this agreement or the termination of our retail supply agreements arranged through Vector Energy Systems; (b.) Vector Energy Systems is authorized to obtain our account usage, and other information from our current utilities and suppliers; (c.) Vector Energy Systems will be compensated by the awarded supplier(s); (d.) This agreement may be terminated by either party by providing sixty (60) days written notice to the other party.
